

1st June 2005

To Whom It May Concern:

Sports fundamentals are currently running a Sports Fun Program at Seaforth Childcare Centre. This program consists of weekly classes for approximately 40 children aged 2-5 years and focuses on introducing the children to various sports and developing movement skills. The program has run since February 2005.

The Sports Instructors differentiate the program to meet the individual needs of the children. During the forty minute class, the children develop gross motor skills as well as learning to follow instructions and celebrate team efforts.

Each week the children look forward to the Sports Fun Program. The Sports Instructors create a fun and secure learning environment for the children. At the end of each term, families are provided with a summary of their child's achievements.

The Sports Fundamentals team manage enrolments and collection of fees.

The Sports Fun Program has been a huge success at our Centre and I have no hesitation in recommending them for other early childhood settings.
